PSALMIST

Diana Marie

Diana Marie is a singer, songwriter, ministry leader, independent artist, and bilingual worship leader born and raised in the Bronx, New York. After a radical encounter with the Lord at the age of 19 years old, a passion to share her story, build relationships/collaborate with others, write songs for the global church, and be a part of missional movements was ignited.

God has opened the door for her artistry and heart for missions to be fused together. Using her gift to impact the church, Diana has been privileged to partner with different organizations such as Poets in Autumn as their traveling worship leader and work alongside other ministries across the globe in Latin America, Europe and Asia. She has also released two singles, "I Found You" and "Too Faithful to Leave" and is now a part of birthing a movement known as "We Are HEIS co." where the focus is to create spaces to cultivate a culture of unity within the body of Christ beginning in New York City.

Whether it be in front of thousands of people or a handful, her desire is that her life and music have a lasting impact on the world and generations to come, pointing people to the beauty found in a life with Jesus.
